Daytime Therapy | Placement | Overview / Description | Effect

[Peter Kulish]

Our magnets are **green** for the **bio negative healing side** because green is the color of healing. And one thing about our magnets is that they are color coded. They're very powerful.

All three of them are **designed specifically** for **topical - to mid range - to very deep penetration**. They're specific to the book that I've written with protocols for over 180 conditions. A to Z conditions.

And they've got **safety caps** on them. This is a neodymium. People or companies are selling neodymium without any coverings on them and they're very dangerous.

If you snap them together in the dark, when they crack you'll see a little explosions of electrical charges coming off of it. And anyone who's done that and has had to go to the doctor because of the... This has happened to me. I've had to go to the eye doctor and get the pieces taken out of my eyes because they're very explosive so we put safety caps around them.

And **on the red side**. We have **the letters raised** ever so slightly **so that you can feel it**. In case you're putting them on your back or someplace where you can't see them you can feel them. So we've done everything to them. We do guarantee them for life if something happens to them we'll replace them if they come apart or so it has happened. It's very unusual.

And again the power
